PROFILE

Motivated and detail-oriented B.Tech student specializing in Software Engineering, with a strong foundation in programming, data structures, and software development. Passionate about learning new technologies and solving real-world problems through innovative software solutions. Eager to contribute to team success through hard work, adaptability, and a strong drive to grow in the tech industry.

WORK EXPERIENCE

Currently seeking opportunities to gain hands-on experience in the software industry. While I do not have formal work experience yet, I have worked on several academic and personal projects that demonstrate my skills in programming, problem-solving, and software development. Eager to apply and expand my knowledge in a real-world setting.
